

Baby Classes

Olifantjies & Beertjies

3 tot 8 months – 5 Babies per class
8 tot 12 months – 5 Babies per class

- ☺ We create a homely, cheerful, and loving environment for the babies. Hygiene is extremely important in this class.
- ☺ We start getting the little ones into a good eating, drinking and sleeping routine.
- ☺ We focus on their milestones and adapt activities according to milestones.
- ☺ We integrate sensory or tactile stimulation through exposure to different textures.
- ☺ We also develop effective eye coordination through play and fun exercises with simple apparatus such as helium balloons, bubbles etc.
- ☺ Bilateral integration and laterality also form a large part of our daily program.
- ☺ We play a lot of games where we encourage midline crossing through rolling the ball with opposite hands, pulling socks off hands and feet.
- ☺ We also promote spatial orientation through activities such as dropping a hoola with ribbons over them, crawling through objects, climbing over things.
- ☺ We also do language development with them by reading books and naming simple objects, singing songs.
- ☺ We also play with easy musical instruments, to encourage music appreciation.
- ☺ We also do fine motor coordination exercises with them such as placing blocks on top of each other, putting objects into a container, or taking the objects out.
- ☺ We crumble and tear different textures or paper. Later we learn to roll on a ball and throw.
- ☺ We do firm deep pressure baby massages during diaper change. We also name our body parts during massage time to encourage body awareness.

Our little ones from 3-24 months are spoilt!

Olifantjies
3-8m

Sleep and play
area in one

Beertjies
9-12m

Separate sleep
and play area

Wurmpies

12 to 24 months
10 Toddlers per class

- ☺ In this class we create a homely and loving environment.
- ☺ Here every toddler gets the opportunity to develop optimally.
- ☺ The focus in this group is to reach development milestones on their own time.
- ☺ Here we learn how to follow daily routine.
- ☺ When the time is right the staff will also start potty-training. This is a very special and important milestone.

Goggas

2 to 3 years

10 Toddlers per class

- ☺ In class we learn to become a little more independent.
- ☺ We also learn how to try to do things for ourselves.
- ☺ We learn from sharing and await your turn and general good manners.
- ☺ Sleeping, eating, bathing as well as playing outside are part of their daily routine to which the children are exposed.
- ☺ Toddlers feel safe when they know what is going to happen next.
- ☺ During class-time, we get the opportunity to play with educational toys that strengthen our fingers, hands, and shoulders to help us develop.
- ☺ We play and laugh and get dirty while discovering, experiencing and enjoying the world.
- ☺ Toddlers are encouraged, praised, and helped to make the right choice and grow into the young person he/she can be.

Vittjies

3 to 5 years

15 Toddlers per class

- ☺ The class offers a loving, safe environment and the freedom to learn.
- ☺ Walk on our toes, jump on one leg and balance, teach us how to move our bodies.
- ☺ Here they learn to tackle tasks on their own.
- ☺ We are independent during the bathroom routine, proud of our work and what we do, and take responsibility for our actions.
- ☺ Social and Emotional Goals:
 - We can share with others
 - Eager to help
 - To follow rules we being to understand
 - We like to play with others

After Care

Only 10 children per class

- ☺ Pick up at primary school. The school vehicle only travels to the primary school once a day to pick up children, additional fee for transport to/from extracurricular activities.
- ☺ Help with completing homework.
- ☺ We assist children with preparation of spelling and math tests.
- ★ **NB: Parents need to make sure your child is 100% prepared for tests.**
